

THE MEMORY MACHINE APP

We've designed an app which captures and holds memories.
We want to know your thoughts on it!

WHAT WILL I BE ASKED TO DO?

You will be given a tablet with the Memory Machine app.

You will be asked to use the app with someone who you would like to share memories with. This person may need support with the app, such as a parent, grandparent or someone you care for.

There will be three 1.5 hour online workshops where you will be asked about your experiences using the app.

YOU WILL RECEIVE A £60 GIFT VOUCHER TO REIMBURSE YOU FOR YOUR TIME AND CONTRIBUTIONS TO THE PROJECT.

Do you live in Nottinghamshire (for tablet delivery), have a friend or family member you can use the app with, and have an online device to join the workshops?

If you answered 'yes' you can get involved!

Please contact Camilla Babbage at Camilla.Babbage@nottingham.ac.uk for more information!
